| | Clothing | | | | | |
| Quantity | ltem | Special Notes | | | | |
| 1 | Pair of Boots** | All participants are required to wear boots that have full ankle coverage, a rugged stitched or vulcanized sole and drainage at the instep. Boots should not be waterproof. If you are unsure if the boots you are planning to bring meet this requirement, please feel free to contact us prior to your arrival. Crews arriving with inadequate footwear will be asked to purchase boots in the trading post prior to departure on water. The health and safety of our participants is of utmost importance to us, for this reason there are no exceptions to the boot requirement. | | | | |
| 1 | Pair of Camp Shoes | All participants are required to bring closed-toe/closed-heel camp shoes with hard soles, such as lightweight sneakers. | | | | |
| 1 | Rain Jacket** | All participants are required to pack a quality rain jacket with a hood. Ensure that your rain gear is waterproof, not just water resistant. Ponchos are not acceptable and are very dangerous in the event of a capsized canoe | | | | |
| 2 | Shirts** | Long-sleeved, Lightweight | | | | |
| 2 | Pants** | Quick Dry – recommend Zip Off Legs | | | | |
| 3 | Pair of Socks** | Synthetic or Wool – NO Cotton | | | | |
| 1-2 | Face Masks | Northern Tier will require face masks worn while on base in common areas. Options may include a traditional cloth face mask, buff, neckerchief, neck gaiter, etc. It must cover the nose and mouth. CDC is additionally advising the use of simple cloth face coverings to slow the spread of the virus and help people who may have the virus and do not know it from transmitting it to others. Cloth face coverings fashioned from household items or made at home from common materials at low cost can be used as an additional, voluntary public health measure. | | | | |
| 1 | Hand Sanitizer | 1-2oz pocket hand sanitizer per participant will be required. | | | | |
| 2 | Pair of Underwear** | Recommend Synthetic, Quick Dry | | | | |
| 1 | Hat** | Broad Rimmed or Baseball Style | | | | |
| 1 | Jacket** | Lightweight Fleece | | | | |
| 1 | Hat** | Knit/Stocking Cap | | | | |
| 1 | Clean/Dry Clothes | For wearing on base and to and from Northern Tier for Travel | | | | |
| 1 | Bathing Suit | For wear in the Sauna | | | | |
| 1 | Flip Flops/Sandals | For wear in the shower – these are NOT permitted on trail | | | | |
| 1 | Uniform | BSA field or activity uniform for wear on base | | | | |
| | | | | | | |

| 1 | Binoculars | |
| 1 | Fillet Knife** | |

| \otimes \otimes \otimes What Not to Bring \otimes \otimes \otimes | | | | |
|---|--|--|--|--|
| \otimes | SPOT Satellite Messengers or other Emergency Beacon Devices | Northern Tier provides all necessary Emergency Communications devices and manages all emergencies in conjunction with local authorities. All crews will be asked to lock any such devices up with their valuables prior to departure on water. These devices are not permitted on the trail. | | |
| \otimes | Canoe Chairs that clip or strap into canoes. | These damage factory canoe seats and make portaging difficult. Standard Crazy Creek style camp chairs may be brought for use in camp sites and can double as a sleeping pad. | | |
| \otimes | Electronic Music, Game or Video Devices | The beautiful wilderness of Northern Minnesota, Southern Ontario and Manitoba are the reason you're at Northern Tier, right? Enjoy it! | | |

| Cell Phones | Northern Tier provides an emergency communication device for each crew on trail, it is unnecessary for crews to bring cell phones for use as a communication device (virtually no cell reception). However, we do recognize that many people use their cell phones as their cameras and this is permitted. We would request that you leave them in airplane mode and enjoy the Wilderness for what it is. We would still recommend using a crew camera over a cell phone. |
